Dear Sir:

In complete and timely response to the Office action mailed 16 January 2003, in which the rejections of the claims were designated as final, please first amend the subject application as follows, the amendments being shown in marked-up form in the appendix following this response.

**IN THE CLAIMS:**

1. (Twice amended.) A wiring board comprising:  
an insulate base material;  
a conductor pattern formed thereon; and  
a magnetic thin film formed on said conductor pattern, said magnetic thin film being made of a magnetic loss material having a maximum value of  $\mu''_{\max}$  of loss factor  $\mu''$  that is the imaginary component in the complex permeability
